Dear: Mr. Honer:

Enclosed please find your **Permit to Construct** for the drum dryer located in the Natural FPM Production Area at your facility at 2401 Singerly Road, Elkton MD. The permit contains both general conditions, which apply to all air quality permit holders in Maryland, and specific conditions, which apply to the drum dryer that you have proposed to install.

The addition of the drum dryer qualifies as an "Off-Permit" change to the facility's Part 70 operating permit. The Department recognizes the permit to construct application as written notification of the proposed change. Please include the addition of the drum dryer in the application for the next renewal of the Part 70 permit

If you have any questions regarding the issuance of this permit, please contact Marcellina Gurley at (410) 537-3225.

Sincerely,

Dear Ms. Vitella:

Enclosed please find your Permit to Construct for the extruder located in the Filled Product Area at your facility at 2401 Singerly Road, Elkton MD. The permit contains both general conditions, which apply to all air quality permit holders in Maryland, and specific conditions, which apply to the extruders that you have proposed to be modified.

The addition of the extruder qualifies as an "Off-Permit" change to the facility's Part 70 operating permit. The Department recognizes the permit to construct application as written notification of the proposed change. Please include the addition of the extruder in the application for the next renewal of the Part 70 permit

If you have any questions regarding the issuance of this permit, please contact Marcellina Gurley at (410) 537-3225.
